January 15, 2013

All is calm.
All is white.
Round yon spruce
trees, the deer
scamper by,
Leaving tracks in
the snow that's so
high.
We are content and
at ease.
We'll have water
when it stops to
freeze.

We are delighted
that we have all this
snow to fill our
dugouts again.
Meanwhile we are

busy inside ordering seed, preparing the beds in the greenhouse, tending to the winter chickens and getting ready to plant. We're just waiting for the onion and leek seeds to arrive and we're good to go.

The CSA shares are starting to come in the mail. A good time to let you know that Our 2013 sign up brochure is ready to go on the CSA page of our website. Simply click on the link .
